

*Yael Hana Powell*

*God blessed us*

*with her presence on earth...*

*July 17, 1950 - January 3, 2018*  
*These are some of the many expressions*

## *of Love to Yael and Doug Powell from all over the world.*

**\*\*\*Please accept my words** of personal sorrow, and condolences to you at the physical loss of this very lovely soul and sweet presence of gentleness, kindness, harmlessness toward life, and mighty open heart of Love which she so unselfishly gave and gave and gave outwardly to all of us. **God through Yael was the purest, clearest and truest representation of God's voice and message that I have ever encountered.** There was never a doubt in my mind that this emissary of God's heart could be counted on and trusted as a Real Messenger of Peace. I read and savored every book, including "Magic Cat", and the "Say Yes to Love" series, saving every one to read again, which I did countless times, for the truth and beauty I found within the books. **It was not possible to remain unchanged for the blessed better, after hearing Yael's beautiful transmissions from God,** so lovingly and meticulously recorded and shared with all of us. What Yael and Doug completed together, with the wonderful help, expertise and loyal and devoted friendship of ShannaPra, seems nothing short of a miracle. **The total body of work and works of love beyond the written word remain a permanent lighthouse on earth.** I know in my heart that it will emit light as a testament to humble service to Love, probably forever. What one man or woman can do....I was humbled to see what Yael accomplished in her life here, so unselfishly, even through the intrusions of such pain and suffering. I wish her well in Heaven, knowing she will heal and prosper there. Such rejoicing there from those who await her! Even though we personally are in grief for ourselves, at the loss of such a dear friend and being of light in our physical world, we know that all is well with Yael. You have enriched my life. I am honored to have known Yael Hana Powell. Lynne

**\*\*\*Beloved Yael,** I am so deeply grateful for the gift of YOU to all of us. The wonderful Messages from God conveyed through you, have helped me open my heart more fully and will continue to inspire my life, and countless others. As I contemplate all that you have endured - and with such grace - for all mankind, I am filled to overflowing with humble adoration and awe. Jesus said, "These things also shall ye do, and greater things than these". **Dearest Yael, YOU have done "greater things"!** **Your whole life has been a miracle that has blessed the entire world!** What a legacy! Go in Peace, beloved Soul; Heaven awaits with open arms. With deepest gratitude and love, Joan (Australia)

**\*\*\*I translated** the latest Message from God through Yael into Italian just a couple of days ago. So clear, so full of love and hope. Little did I know that God's Messenger was finally going Home. God's Messages that came through Yael have meant so much to me. I found Circle of Light many years ago, I can't remember when, but I remember that I googled the word 'love' - and there it was. **And I was once asked by someone what kept drawing me to Circle of Light, and this was the answer: LOVE.** I am sure that there will be a great celebration in Heaven on Yael's arrival; she has done so much for all the people in the world, for those who read and listened to her channelings and even for those who never knew about her and COL. With loving gratitude, Paula (Italy)

**\*\*\* The Messages from God** came into my awareness about 10 years ago (early on in my Spiritual Journey). These messages have always resonated deeply in my heart and have assisted me greatly in my journey back to Love (God). I will be forever grateful. Love and Many Blessings to All who know and love Yael and to the many lives she has touched. Brenda

**\*\*\*Thank you** for being a beautiful role model -- for showing us the light of God everyday of your life. **You've been grace & love in action** and we are so grateful for the time we had together. We'll miss you so much - the angels will surely lift you into your heavenly home. May you find your new pain free, light filled existence with God. Rest well, dear sister. With all my heart, Linda

**\*\*\*The Messages** Yael channeled were so spot on and matched what I too would receive from Spirit. Have read and posted the messages on my wall each time they came through; often they inspired me to keep on keeping on, despite how things may appear. Am sending my blessings and thanks to Yael and a double blessing to Doug who will remain with us. **There is no way to repay what you both have done for humanity.** Eternal gratitude. Kathleen

**\*\*\*So much spirit blessing** for so many years. I am in awe and gratitude for all she has done and does. Peace and grace to you forever, Yael and friends, and loves. Bob

**\*\*\* My heart** is with Yael and Doug. She was indeed God's servant of Love and Light and even though we will miss her here, I cannot help but be happy that she will transition to a place of joy and happiness, and finally be free of all the pain she has endured. Jesus tells us nothing is personal. In this light I see **Yael's pain as a service she rendered for humanity and Mother Earth**, laying a foundation for the New Earth that all Light Workers are here to create and manifest. Her physical presence will be missed but her spirit will remain as a guiding light for all those who had the privilege of knowing her. Judy

**\*\*\*I am so sad** that Yael is making her transition now, yet happy for her for what awaits her. Yael has been in my heart from the beginning, ever since I first reached out to her and Doug. On learning about her chronic health issues, one thought has kept coming to mind: **It must be hard for Angels to embody as humans.** She certainly must be an Angel. I will miss knowing she's around us and I send her and my distant friend, Doug, Love and Light in this time of change. Bill

**\*\*\*Thank you** does not express the gratitude for what you have given. I don't know any of you and yet you have so generously and unconditionally given of yourselves for others. Your messages transcend my thoughts. **Simply put, you have changed my life.** God bless Yael ...and all of you. Godspeed. Debbie

**\*\*\*My joy** for you as you pass from this life to the next is beyond measure. I thank you for all of the countless **blessings you have bestowed upon humanity**. Now go and enjoy your heavenly reward as the rest of us will carry on now with you as our guide.  
Irene

**\*\*\*It is with great sadness** but in the same breath a divine celebration of a life that was dedicated to Love, to God that transformed so many people across the planet. I wish to express my heart-felt and sincere gratitude to Our Creator Almighty Heavenly God who made us cross paths with my beloved sister. To me you were a true vessel of Heaven...**Your messages transformed my life and my Being** in ways I cannot describe. I am consoled that we have the Circle of Light website. I am sometimes drawn to your website and directed to a particular message...and most of the time that message would provide an answer to what my Soul would be searching for at that time. Your Love, your relationship with Doug was truly not of this world. You were truly blessed to have met the other half of your Soul. May your Blessed Soul rest in Eternal Peace.  
Charity (South Africa)

**\*\*\*Supported** by your twin flame messages, I was able to draw my divine BeLoved. **Your humanly/Godly gifts have changed lives**. Thank you. Yael, see you on the flip side!!  
Jill

**\*\*\*Thank you** for 'remembering,' thus allowing others to remember through your beautiful reflection and embodiment. With very much love. Joe

**\*\*\*I weep with gratitude**...and loss. How can words express my heartfelt gratitude for the loving messages, the constant encouragement...the guiding light.... My arms surround Doug and family, as we join to say **So Grateful Are We That You Walked** so many miles with US.... Su

**\*\*\*I am grateful** for all that I have received from the messages and the books through the gifts and unfailing dedication of Yael. **The words always went straight to my heart and cut through any illusion I still held about love and God**. Heartfelt thank you, Yael; may your journey onward be smooth and blessed by beauty in a myriad of ways. My love to you too, Doug, and strength for your journey from here. I feel humble, grateful and blessed all at the same time. Elke

**\*\*\*I am so saddened** to hear that we will be losing our wonderful Yael, our conduit for the Messages of God. And at the same time, I am overjoyed for her transition back to God as well. I will miss her divine uplifting messages and truly hope we can stay connected when she is back home. I send her all my love from my Glorious Heart. **It was through her messages that I remembered that I am the open heart of God as are all**. Thank you and blessings on your wondrous journey back home Yael. We will miss you so much on this side, while celebrating your arrival home on the other. In love, Paula

**\*\*\*THANK YOU,** Yael and Doug, and everyone who helped spread the wonderful Messages of God. I loved receiving the Messages, they were very precious to me. God, I will miss them! But I am also very grateful for every single Message I have received. Yael, beautiful and faithful Messenger of God, may you have a wonderful journey Home and rest in Eternal Peace and Joy! With love, Valerie (Belgium)

**\*\*\*Blessings!** Thank you for your beautiful inclusion of our thoughts, heart and soul sensing for this very blessed event... I am so humbled, and yet so deeply affected by this news. **I have never felt so much love, guidance, compassion or deep generosity as I have through the Circle of Light Messages.** I will miss Yael deeply, however my hope and belief is that she will continue to open our hearts to the literal "Circle of Light" even more profoundly. I love how the indigenous native Americans refer to this transition as "dropping the robe." It is in such grace, that we truly know ourselves and are reunited with the Love we so yearn for while here. I have so much yet to learn and absorb from your amazing teachings. It is with great, great gratitude and joy I open my heart in love to you and all your Oneness in Light and Love. **Thank you ,Dear Ones, for being the Angels you are and helping us to know who we are as well...** Rose

**\*\*\*I felt so much love** for Yael & her Messages from God. I will always remember when I went to the weekend gathering & I still have the group picture. Holding everyone in my thoughts & prayers & holding Yael in Love & Light as she makes her transition home to God. Thank you so much for everything you did, Yael, in your service to all of us. Sending Love from my Heart Flame to Your Heart Flames Love & Blessings Nancy

**\*\*\* I've been reading** most of Yael's words for many years now (around 10 years), and it has been about much more than the words, and more than any feeling can convey. The 'real love' is always present regardless of our expressions. Yael has been able to point to that true 'inner reality' with her words beautifully in a way that has helped many continue to find this truth at the core of it all. **Her words have assisted me in my most difficult times in life,** and for that I am grateful. A thanks to Yael, and to all of you. Sending prayers of love and peace during her transition. Pierre (Canada)

**\*\*\*So sorry** to hear about Yael. I just wanted to thank her with a line or two. Yael shared her open heart with me in sisterhood; in sacrifice and service; in kindness and solidarity, and I am very humbled and grateful. Thank you, Yael. Love, LiaJohn P.S. Tommy Angel is okay.

**\*\*\*Soaring High** on Golden Wings. Forever assisting all to see that they, too, will ascend Soaring High on Golden Wings. Words came through to You & Yours. Heartfelt thank you, Christine

**\*\*\*Dearest Yael,** my sweet soul sister. You held me in your physical embrace at our meeting in 2004 and continued to hold me daily with your beautiful messages from God... May I hold you now, heart to heart and in grateful presence and say Thank You... Love always, Elisabeth

**\*\*\*Although** we never got to meet, my heart and love goes out to you. Back to the light, Yael, till we meet again. God Bless. Phil

**\*\*\*Yael,** I celebrate you and I sing your name this day. I hear God singing also - and laughing that anything but love surrounds you - for you live in eternity. And **you have brought us all closer to our Truth** - the Presence of Love in form. Sweet and Divine Sister, go gently into this Heaven. With heartfelt gratitude for all you are and all you give, we love you, Elizabeth and David

**\*\*\*I Am holding** in my heart a direct experience of the Beloved. ..an experience seeded in Light through Yael and Doug's pure presence, in community with others..in their home. I take this with me always....with gratitude and love. Karen

**\*\*\*We** have been blessed by Yael's shining Light and all the wonderful messages from God to all the Circle of Light Brothers and Sisters. She will always be in our hearts and she will continue to Shine her Light and guide us all from above. I am sure a grand party and reunion awaits her. She will be dearly missed. Much Love and Blessings Jay

**\*\*\*In gratitude,** Yael, for all the love you have brought to me throughout the years. The Company of Heaven, Angels, Archangels, Ascended Masters, Guides, Light and God are there to take you back home where you will merge into the divine light. Blessings and my heart goes to Doug, Shanna and everyone involved in this process. Patty Namasté *El Espíritu en Mí Honra el Espíritu en Tí* (Mexico)

**\*\*\*I only learned** of Yael and COL quite recently and, in fact, spent much time on the website two night's ago. I listened to Yael read Messages and they were **a balm on my heart.** The written Messages that I receive eagerly via email, also, **calmed and deepened me in Truth.** Although I never met Yael in the physical, her Presence and Devotion touched me to the core and I am truly grateful for all that she is and that she brought through. May Yael experience a sweet, soul journey Home and I wish you, Doug and Yael, much, much love and tenderness. In love, Farida (Scotland UK)

**\*\*\*Thank you** for everything that you've done for us. **You have been the instrument of God, the Creator, the All That Is.** I am very thankful your books and website, for they have **helped me have hope and reawaken the memories of my purpose and mission as a lightworker.** Your journey in this lifetime has been challenging. Now that it's done, it's time to rest. We will carry on and continue to spread the light that has been ignited in each of us. Enjoy your homecoming. The veil is now gone. Rejoice! Much Love, Thi Tran

**\*\*\*May a Being** who has shone such loving Light onto the world forever sparkle in the Light of God/dess and the Angels. And of course, continue to shine on us and on Doug! In Love, Maybel

**\*\*\*I always** received the beautiful inspiring Messages from God which Yael distributed through email, and I was very saddened to hear that she is ready for a transition. Even though we all know that life and death are only transitions, and the Only Truth is Love, and God, it still is sad to hear. My Heart and Soul are pausing in Oneness with her and Love. From a 'stranger' in Canada; from my Heart and Soul -- Thank you for the beautiful messages from God channeled through you which have been Emailed to me regularly ; **words cannot express how they have inspired me.....One Love.....Thank You ! Ingrid (Canada)**

**\*\* \*Yours were the first** ones whose emails interested and deeply moved me, that is years ago. I don't remember how many times I listened to your CD's with awe and inner knowing that it was truths given to you/us, through you. Thank you so much for being such a pure channel. With much love from Claire. (Australia)

**\*\*\* Thank you,** thank you to this beautiful Being of Light - Yael - and to you all for the gift of your presence, your wisdom, your great Love. **So many times the messages have filled my heart - my entire being - with healing and joyful Truth just when I needed it.** Many, many blessings on your way Home, Yael, and love and blessings to the entire Circle. Susan

**\*\*\*My deepest prayers** of gratitude to this Angel of Love, Yael. Thank you for singing me on my sacred path, my friend. With your help, I found the Grandmothers and my Master Teachers. **What a pure messenger you are and forever will be....** Till next time. My deepest heart, Andrea

**\*\*\*.....as I took** you (Yael) up like on the wings of eagle and brought you to me. ....as you truly listen to my voice and uphold and guard my standing, you shall be more beloved to me than all the nations of the earth, because this earth is mine . *Exodus 19:4b, 5 paraphrase Ancient Aramaic Language* This lady, Yael, touched my life this morning with a love from 'the wings of an eagle' that I was not expecting in this time of testing. Thank you. In gratitude and Perfect love, Joselyn (Australia)

**\*\*\*Dear Yael,** I have never met you in person, but you are one of the three persons who **shaped my life significantly, shaped my understanding of life, and who I am, who we are** - and I am grateful for that. I can truly feel how we all are one, truly one, and how we can communicate regardless of the miles in between. I have kept all your messages - which most of them were received exactly at the time I needed them, with the exact content I needed to know at that time.(I will pass them to my kids, as well.) **You have been the voice of the truth, to me, and many other souls around the globe.** I know, you have always been around here, and you will always be. Your soul will be with us, forever, that is what I am also grateful for. No "good byes", no farewells. You will always be around here. With love and respect. In the most humble way. Philip (Denmark)

**\*\*\* I would like to write** lovely words speaking of my gratitude for Yael and everything she means to each and every person who has been reading the "Messages

*From God", but it wouldn't be enough to describe what is going on in my heart. So, I just want to tell you all something awesome that happened while I was reading your e-mail...I live in Brazil and, at this time of year, the weather is very hot, and the mango trees are full of mangos. We have one here in our backyard. And there is also a kind of small parrot that comes in flocks to eat the fruits and makes a big fuss while eating! This is exactly what was happening when I started reading your e-mail [about Yael's passing]. They were making such a noise that one could barely talk here. But, **suddenly, there was a silence... a silence so deep that not even the trees moved**, so as not to disturb. It lasted about 15 minutes. And then came the Summer rain, like a shower of Love and Blessings. At that moment, **I had the feeling that even the birds and all nature wanted to pay homage to Yael. And I joined them in gratitude.** May Yael be in the arms of the Angels of God now, in peace and glory! Love! Love! Love to all of you at Circle of Light! Vera (Brazil)*

***\*\*\*Thank you for your gift** - you have helped ease my anxiety and depression over the years. Truly, **an angel amongst us on earth.** I send you love and prayers so that your journey to the next life is smooth and glorious. Love, Maryanne*

***\*\*\*At last it is upon us**, Yael's transition into the light. I feel so blessed to have been a recipient of her Connection with God all these years. I am so grateful she was able to be with us for as long as she was. My heart's love to Doug, and everyone who has been helping her sustain in the physical realm. What a glorious being, Yael. Love, Nada*

***\*\*\*You have my heartfelt** sympathy, gratitude, and love for the precious gift that is Yael. I will miss her words and presence greatly. May you be filled and surrounded with God's Graces and surrounded by His Love, Comfort, and Presence. With sympathy and gratitude, Karen*

***\*\*\*Yael's messages have helped me remember the truth of who we are, even in the darkest of times.** Thank You beautiful child of God...Leslie*

***\*\*\*I was with you** in 2008 and had the opportunity of spending some days with you, Yael, Doug and Shanna. When Yael touched my heart and said: Impressive! I knew she meant I had really met my twin flame and I was in a process I could feel, but couldn't express in words. I want to say that Impressive is you, Yael. I cannot find words to express why. I am in Brazil and I cannot be with you, but my heart is with all of you. Nilce (Brazil)*

***\*\*\*God has filled** our souls and hearts with his Love and Wisdom through you. We embrace you forever. Our gratitude and love to you and Doug, as well as the community of the Circle of Light! Gustavo and Miriam*

***\*\*\* I was blessed** to come across your website a few years ago and read the beautiful story that you wrote about Jesus and Mary Magdalene and each week have read the*

*Divine messages that came through you. Thank you! I know Jesus and God's Holy Angels are gently and safely carrying you home. Sincerely, Karen*

**\*\*\*I have read** many of your Messages from God and they were absolutely beautiful. Thank you so much for all you have done and I will forever hold you in my heart. I will really miss you. Sending you Love and Light and may you always be surrounded by Angels. You are loved!!! Antonia

**\*\*\*I am fairly new** to these wonderful blessings brought forth through this angel. I'm 90 years old and have 'known the Lord' for almost 57 of those years. I've had marvelous teaching from many, many teachers, but none of the depth and breadth that are the Messages from God. I was stunned to receive your email today and I'm keeping Doug and you and all there in God's Unconditional Love. So grateful to have saved all of these incredible messages as well as her audio teachings. For Yael I can only rejoice for her liberation, though she will be greatly missed by all. **Perhaps she got us through to where we can now access God's Love on our own and so her mission was fully accomplished and she was free to go Home.** May God continue to strengthen and guide you all as to the future. Blessings & Love, Shirley

**\*\*\*I want to echo** the many voices I know you're hearing now at this time of Yael's transition. Over the years, I've shared Her Messages from God with many friends. We all will miss her inspiring insights and beautiful expressions of God's lessons going forward. **She touched so many lives around the world** with Light, Power, Compassion, Truth, and Wisdom. We have all been blessed to receive her words and Vision for a Shift to the Heart. MJ

**\*\*\*Dearest ones,** I want to add words of loving kindness that echo the gratitude I feel for the constant messages of love from God with Circle of Light, through Yael. All I can say now, in this moment, is how deeply grateful I am for these messages, as they have sustained me ever since I discovered them. I've always felt that, once opened, the message called to be read all the way through exactly then. And some, again and again. Deepest thanks dear gentle Yael, **you must know your devotion has yielded fruit for many, many souls.** I honor you for your fortitude and the clear conduit that you are and the constant loving kindness you've exhibited in this role you have chosen to play. Great peace be with you and those around you, also. Om Shanti, Shanti Shanti, Julia

**\*\*\*Everything** falls in place in God's own time. I would not be where I am in the Present Moment without God's Messages from the Circle of Light, without the Heart activation from our Beloved Jeshua. All these things God made possible by choosing you and Doug as His/Her instruments, and your willingness and cooperation is a manifestation of God's grace and Love. Thank you so much to you and Doug. I will be forever grateful to God for you. **Indeed, I proudly say, Only Love Is Real.** Let us all continue to journey together in Light and Love! Love, Nilda (The Phillipines)

**\*\*\*So very glad** my dear sister will be released from the ceaseless agony that has been her physical existence, yet at the same time, feeling sorry for myself and all those

who love her so tenderly. There comes a time for each of us when we have to turn within and stop leaning on those Angels who have provided such sustenance for our souls. On so very many levels, we will feel a void at her transition. **I shall never let a day pass without gratitude on my lips for the mercy provided by the daily Message From God** that she received and pushed with the last of her stamina to ensure the sharing of the same with countless people. My heart embraces all of you with such abiding gratitude and love. Blessings, Vickie

**\*\*\*Doug and Yael Powell** are an integral part of our community. They are a bright and pure light which has illumined and warmed many of us through the years. No, let me reword that: they have affected all of us, all the time, whether we were aware of their goodness or not. I first met them when they came to my gallery of local artists asking if they could sell their spiritually-oriented books there. Due to Yael's physical limitations, she spent many hours a day in bed, meditating and writing. The words which flowed from her were honest and enchanting. The first book I read of hers was called, *Magic Cat Explains Creation*. Yael's deep connection with all things was obvious in this delightful book based on her communications with her cat. She has the same deep link with plants, people, everything and everyone. I loved her the first moment I met her. She will be missed by all who have known her. But she is not leaving a void, because she's not going anywhere. Love lives on and on. Marsha

**\*\*\*What an incredible, beautiful soul.** And so transparent, to be a conduit for messages that ring with so much truth you know it is real. And she has borne her physical pain with such grace and beauty. I pray for her immensely, and hope and believe I will see her on the other side of our present reality. **To say she has changed my life is an understatement.** Karen

**\*\*\*Dear Yael,** your heart resonant words have profoundly awakened my heart to remember such simple and profound truths. I am eternally grateful. God speed, enjoy your restful place in the home of all homes. I love you, Raina

**\*\*\*Very few people in this world are surrendered to God, allowing the glory and majesty of infinite love and light to shine and manifest through them to all.** Yael and Doug are these people. Now Yael is serving all of us once again from a place seated next to the Most High. Please help us all, Yael, and remember us as we remember you as our friend and a most beautiful Being. Thank you for everything. We love you! Stephen (Australia)

**\*\*\*The Messages God delivered to Humanity through Yael are made of the purest, highest energy present in all of Creation,** and Yael was a crystal clear conduit, a great soul in human form. She accompanied me for so long on my journey, with complete integrity to Herself and her purpose on Earth. If God calls her Home now, either we are left alone and adrift, or **it must be that she has accomplished her earthly task and that we have attained the goal, we are ready to fly high.** It is my responsibility now to be a living witness of the Truth to which Yael devoted her life. Much love and light to all who have known and loved her, and to Doug especially. Emilia (Italy)

**\*\*\*Surfing on the Internet**, I found the "Messages from God" in the Spring of 2003. Arriving from Holland, I was the first person (with my friend Hania) to walk into the Circle of Light to attend the first workshop in September that year. Many workshops followed, and every time I was able to stay after the workshops for 3 - 4 weeks at the Circle of Light. And when the workshops stopped, my visits continued until 2013. I had the great privilege of enjoying the friendship of Yael and Doug and Shanna. I have seen the human and the divine sides of Yael + Doug's Twin Flame relationship, which was an important manifestation they brought into the world. I will deeply cherish the memories of the times we spend together. But it has always been clear that our relationship was grounded in our common love for God and our immense appreciation for the way His Love was manifested in the "Messages from God" and for their very unique content. The willingness of Yael to bring these Messages into the world was without boundaries, enduring the physical pain and limitations of her body. **For nearly 15 years now the "Messages from God" have literally been my 'daily bread', and they will continue to be so.** So, in my daily contemplation of these Messages, Yael will be with me for the rest of my life. Thank you, God. Thank you, Yael and Doug. Adriaan (The Netherlands)

**\*\*\*Dear Angels**, I wanted to tell you all that I picked up the book *Say Yes To Love* when I was at a store in Moab, Utah, and I carried it with me to now. I read it religiously. I learned so much. I felt like God is real and love is real. So, recently, I have come to know my true Soul mate. I am so grateful for Yael's messages and what she shared with me because I never knew I could be so loved. Please know that everything in this book is true. Ethan Stephens is my soulmate. We met July of this year. Thank you and I love you all. I would love to be of service and so please teach me how. I'm realizing that I waited too long to message you all. Another lesson learned today. **Thank you for loving me from afar even though I didn't love myself for so many years.** Kristie

**\*\*\*Sending heart-felt love** and appreciation for Yael's soul here on the earth and beyond. **Yael's presence and unconditional loving energy and the messages from God illuminate the way in this world.** May Yael be at peace and enjoy the freedom of lighting up the heart of the universe unencumbered. Ed

**\*\*\*I have been lifted** by the messages of The Circle of Light, and give thanks for the truth that was shared so openly and generously. Each time I found a message in my inbox, I looked forward to the resonance in my heart that always followed. Thank you Yael for your beautiful gift. Peace and Love to Yael and all who love her. Maggie

**\*\*\*Dear One**, Sail on dear sister. Thank you for the gifts you gave us. May you, your family, and all continue into The Light. Love and Gratitude, Stephen

**\*\*\*As tears come**, I feel a deep sadness for the removal of the sweet light Yael brought into my life personally. I have followed her channelings of the deep love of my

life...God, for many years. *Her inspiring life and messages have brought me through and out of many a dark place in my life.* None of us can know of her suffering without experiencing it ourselves, so I am joyful for her graduation. A life so well lived is a reason for great celebration and emulation. Love and blessings to all...Pat

**\*\*\*We are grieved** and yet excited for Yael as the journey she is about to embark upon answers all questions! To be one with Creator again is a wonderful reward for a life here on Earth. Phill and I were blessed to be married by Yael, and it has been a glorious union. **Those whom she married seem to have that bond of love that cannot be broken.** One of her many gifts she bestowed upon this world. We will miss your bright light, dear Yael. Thank you for your many blessings in this world and the next. Sending you much Love, Sheri and Phill

**\*\*How do you** replace the irreplaceable? I trust that although her work is done here, God will bless us with more like her, as the Messages from God become more widely known and integrated into earth life. I pray that your mourning will be brief and your joy will be unending. Lorrie

**\*\*\* I have been so uplifted,** so inspired and humbled by Yael's magnificent messages from the Beloved and by the extraordinary being of Light that is Yael. Although I have never contacted or known her personally, I truly feel as though she is my sister of the heart. **Her multidimensional presence as the heart of God she is, is available here and now everywhere in total freedom.** I love you Yael and Circle of Light. Puja (United Kingdom)

**\*\*\*My dears, thank you** for all the years of beautiful messages. Yael has been such a bright and loving light and I congratulate you all on her completion. Loving unconditionally, that is where we will always be in touch with her. Hugs and blessings from Eva (Germany)

**\*\*\*I wanted to express** to Doug and to the honor of Yael **how magnificently I was grown through her and her service to God. In my search for the truth of God in this world, I found Yael's voice. It was the most clear and true channel to God I'd ever experienced.** Reading the messages and the beautiful books from Yael for over a decade, I feel that I was such a child when I began, and **that the soft, moving, persistent and POWERFUL messages transformed and grew my heart in a way that's beautiful beyond words.** I feel honored to carry these living messages in my heart every day, to aspire to be the open heart through which God is loving the world. I am sending Yael all my love and gratitude for her life and work, rejoicing in her triumph for what she accomplished here in lifting the world, and wishing her a graceful passage Home to rest in God. In Love and Light, Jennifer

**\*\*\*God bless Yael,** may her spirit fly easily back to freedom and the arms of love. Thanking Yael for all the wonderful helpful messages she gave us over the past years. Love to Doug and all her friends at this tender time. Joan (United Kingdom)

**\*\*\*The universe became much brighter tonight.** The woman who served as an inspiration to so many, whose loving spirit triumphed over three decades of unimaginable pain, is finally free to soar and shine. Yael was instrumental in my decision to move to Eureka Springs. Her incredible support and encouragement was largely responsible for my success. And her ability to shine despite constant pain was an inspiration to me and everyone who knew her. A simple hug could be agonizing for her, and yet she ALWAYS greeted everyone with a warm, loving hug. Throughout our lives, we encounter thousands of people, but only a handful make a lasting, lifelong impression. **Yael was a remarkable person whose enormous spirit transcended her small, withering body, and I will forever remember her as one of the brightest lights I have ever seen.** Mark

**\*\*\*Dear all at the Circle of Light.** Oh - how we love you. We are filled with so much humble gratitude and love now that Yael has lay down her earthly body. We feel sadness about her passing. We also feel so much love. We admire her for her Walk of Life. We feel blessed. We are very grateful and will remember her for TLC. In 2006, Herman and I were brought together through the messages of Yael on TwinFlames -- on how we can be a pillar of Light together. We will continue to hold all of you in our prayers. Blessings of Love and Light, Herman and Petra (The Netherlands)

**\*\*\*Thank you so much.** These messages have influenced, inspired and healed my life. So much so that I am moving from being single for 25 years into having a relationship with a special person who has come into my life. A soul mate relationship that has been influenced by these beautiful Messages from God. Thank you for bringing the possibility of such a beautiful relationship into my life and for modeling it in your life between you and Doug. I am forever grateful for your life of devotion and the messages of love, joy and hope you brought to all of us. May you be free and blessed in your return to God. Love, Holly

**\*\*\*My memory** is of a channel from Father God. It took me two hours to read, and was like a wonderful Poem, and near the end a voice in my mind said clearly, make sure you read this to the end. And it was then that three wonderful flames were placed into me. I will ask God's blessing for all of you, and may we all be able to celebrate Yael's life. She will surely watch from not far away. God bless you all. Lee (London)

**\*\*\*What a beacon of light** Yael has been over the years to illuminate the darkness for so many of us. Her life was led in service and as an example of love for others. She will be missed. Jasmine

**\*\*\*Yael, I miss you so much!** I wish you a gentle journey to the higher worlds where angels will certainly bow to your masterful and well lived life on earth! **Without you, your work and your beautiful messages from God, my life would not be the same.** Without you I would not have developed into the woman I am today and I could not do the work I do, touching so many people. **Your messages are a pillar for healing and salvation for so many.** I feel so blessed to have known you, and I am grateful that our paths have crossed. You were part of my inner circle of spiritual family. And even

*though we have never met in person, I had the feeling that I know you very well and am very close to you. Thank you for your beautiful life, for being here at this point in time and for the tremendous impact you had on bringing the highest light and the finest consciousness to Earth! My heart goes out to Doug and Shanna, both so beautiful and pure, who worked with you to bring this enormously important work out into the world! Farewell! Simona (Germany)*

**\*\*\*Thank you** so much for the Blessings of Love you consistently brought to US. Each time I received a message from Circle of Light, my heart would begin to flutter before I'd seen the first word. I'm glad you're free, Yael. I wrote you once, talking about the connection I felt with you in many ways. I was awakened in 1972, I chose an earth walk that has been extremely difficult. I felt a dear kinship with you. In the Angelic Realms I am known as J'aelle. So even in our names, we've been connected. It is my profound pleasure to be sharing these energies with you all. What a partner you've been, Doug, on so many levels and in so many realms and realities. I extend the Blessings and Grace of Great Love to all, from our Rainbow Councils of Love and of Light. Joie ~ J'aelle ~ Round Star ~ Mother of All

**\*\*\*I am saddened** to hear about the passing of this beautiful soul Yael. My thoughts and prayers are with you Doug and the family. May God's arms of love bring you the comfort you need at time. I also want to thank you for all your help support, love and light you have sent out to the world through the work that you and Yael did over the years. I was truly blessed and I send you the blessings peace love and light that you need at this time. Much love ♥  
Peace and blessings. Jallana (Canada)

**\*\*\*Dear Doug** and all those who witnessed Yael's transition, supported her mission, and loved her and shall continue to love her beautiful and gifted spirit, May your hearts know the peace of feeling Yael's presence and love surround and enfold you at this time and through all times. **Thank you for gracing so many of us with your gifts and the upliftment of our beautiful planet.** May the Circle of Yael's and your love be unbroken in all moments of time. Love from Donna

**\*\*\*In 2010, I googled "Twin Flames" ... and so began my kaleidoscopic journey** with Circle of Light. **Yael was one of very few then on earth, who understood "walking the world home," through one's own life, exactly as it is ...** I resonate Absolutely with Her (God's) Message: Heaven has always been available to experience ... Let Go !! & let all be in perfection, "The Way It IS." I "see" now the physical expansion of Heaven on Earth; A New World forming. My part in bringing it forth is to focus, in my life, with the same dedication that Yael brought in hers. **How I Love the Feeling of Devotion that Yael has Magnified in My Heart.** Katherine

**\*\*\*I have read** all German editions of "Say Yes to Love". **Every single sentence has touched me deeply, and the magic of unconditional love, felt in every word, overwhelmed me indescribably and influencing my life positively.** Thanks for that!

What should I write to someone who is much closer to God than I? The message of beloved Yael's return home hit me deeply and moved me to tears. Nevertheless, it is comforting to know that she is now freed from her physical suffering. May angels guide her to Paradise, may God give her eternal peace and may Yael's shining light of love illuminate the universe and enlighten your earthly path. My thoughts are in love with you. Beate (Germany)

**\*\*\* I've been on the email list** for years now and **the Messages of Love have kept me hopeful and buoyant.** I copy them into my Twin Soul file... Even though he is not with me in this incarnation that I'm aware of, I have met him in the 5thD I guess you'd call it, when my ego self was put aside and my 'queen' self as I call it felt the warmth of his kiss... I don't know if my whole body could contain all that unconditional love. I have also had an OBE/NDE where I was imbued with Love within greater Love so I have experienced that clarity of mind and painlessness, a happy, blissful place indeed. Love and Light, Diane

**\*\*\*Elf is sending you Heart Blessings,** with lots of magenta Love and Light! May we be the living embodiment of God's Messages of Love! In humble Gratitude for Yael's Guiding Light, In Love, Elfriede

**\*\*\*Dear beloved Yael,** you've passed the veil and gone back Home. I'm glad for you that it was time to leave your body and all the suffering behind. My wife and I thank you so much for all the incredible beautiful Messages from God and all those other channelings. You gave us such precious gifts for so many years..... You can be proud and fulfilled with everything you have given to us and to the world. We thank you so much and wish you all the best with your journey through the heavenly spheres. We'll miss you and your translations of your communion with God. Enjoy being Home now and may be we'll meet again in another life. Jeannette & Paul (The Netherlands)

**\*\*\*For my sister Yael:** Yael, you were a wonderful soul and a great sister. You will always have a special place in my heart. I am glad you are free from pain and I hope you find eternal happiness. We will miss you. Daniel

**\*\*\*I still remember** the first Workshop I attended 13 years ago and meeting Yael for the first time. Our hearts and souls connected immediately, she looked into my eyes and said, "You've waited a long time for this haven't you?" I nodded my head, yes. She said, "Welcome home." **Doug and Yael demonstrated what unconditional love is.** Even though the ego tried to create separation at times, when we made the choice to return to our hearts the love was always stronger. They were both instrumental in assisting me to move here, and provided a place for me to live, so I could continue to grow in service to humanity. They made me a part of their family and always invited me to Christmas and Thanksgiving dinners, Fourth of July celebrations, Valentine's dinners, lots of home movies (always with popcorn), and sailing. All holidays were covered, as they knew I had no family here. I am honored, and extremely grateful for the time I got to spend with Yael, and her last night here on Earth. I look forward to continuing to spend time

with my Bro Doug in the future, and return to him the same kindness and unconditional love that he always gave to me. Deb

**\*\*\*My sincere condolences** at Yael's passing to the other side of the veil. May her passing be smooth and bright. We have never met but were connected for a long number of years through your dedicated work for which I thank you both. At this important time, **it is necessary that awakened souls be present at both sides to build the bridge between the realms, and your work continues by standing at each side of that bridge -Yael there and Doug here, until there's no more here and there.** From my personal experience the only cure for sorrow and grief is love - to remember the love and to love on. Blessings, Ines

**\*\*\*Thank you for your service to humanity,** Yael Hana Powell. May you rest in eternal Peace and Grace. Thank you for the Messages from God, for your courage and dedication. Thank you for connecting with me on Facebook, and for your support during difficult moments. Your Earthly Presence will be missed. I celebrate you, I celebrate the Love that we are. All Joy to You! Namaste. Until we meet again. Craig (United Kingdom)

**\*\*\*I am feeling so sad,** yet breathtakingly blessed. Each day I watched, hoping to see Circle of Light appearing on my email... **knowing I would be buoyed, embraced and nurtured by Yael and her wonderful words.** I will miss her deeply, but the perfume of her Beauty Full heart will linger on to comfort us. I am so grateful to have known her and **consider our connection one of the greatest joys in my precious Life.** With love and a huge hug to Doug, and to all at Circle of Light from Meath. (Ireland)

**\*\*\*Our thoughts** and prayers are with you all as we celebrate the life of Yael and we thank you for the beautiful messages that uplift us and inspire us. Many blessings to you all from Gaye and Peter (South Africa)

**\*\*\*...feeling** the powerful vibrations of open hearts that are actively surrendered to God. **Yael shares the purity of love that draws us into communion with the One Great Heart in which we are all cells of Light.** She has given everything to allow these streaming messages to move through her that we might share them, and Doug has been her support in every way possible in his loving vigil and physical care. Naomi

**\*\*\* Even though** never meeting in person, once discovering Circle of Light many years ago, I have felt a connection with Yael. Seeing this instantly sent a wave of shock and sadness for me. Then, it came to me, "she is now free. May all involved be blessed with comfort, love and peace! Yet, my heart sings, "Fly high Yael!!! Be in joy and peace!!! You deserve it!!! Thank you for touching my heart in a way that has positively impacted my life!!!! You will be missed!!!!" Much love, Amy

**\*\*\*My heart** is filled with the deepest feelings of gratitude for everything that Yael has given to me and many of those closest to me. Thank you, Yael, for this incredible gift wrapped in so much light and so much love. Thank you for so many years of dedication, thank you for the privilege of feeling the flow of your energy when I was translating your words into German. **There have been so many, many wonderful moments of bliss and understanding coming through your words.** I will always hold this precious gift in my heart. You are now back with God and all of your angel friends and I can see the light which is surrounding you. Birgit (Germany)

**\*\*\*Sending divine love,** light and prayers for the transition of Yael Powell. Knowing and holding the purest light for her and all those around that are affected. [Yael](#), Doug and [Shanna](#) have meant so much to me from the moment our souls interacted here on Earth. Michael and I met a part of our light family. We were provided the Messages of Light, the confirmations of our heart and what we heard that everyone else thought was crazy. **Yael and her work has been the beacon, the light bridge needed to expand my heart and ascension with my twin flame, Michael.** In her life and all she's had to go through she has fulfilled her promise with the universe. You are so loved, so held and I with thousands and all the universe hold you all in the heart of infinite Love! Gina and Michael

**\*\*\*In 1982, our community newspaper,** The Grapevine, printed an essay Yael wrote about what she'd learned from living with pain. It was titled "Diamonds in the Tears". After that, she and I offered a free pain management group for a few years. Since that time Leslie and I watched with deep respect, wonder, and love as Yael continued to find more and more diamonds. Even as the weight of her pain grew she continually transmuted the density of early trauma and severe suffering into pure gold love light and widely received wisdom teachings. Her life was and is an endless blessing. Geoff

I have so many rich memories of my treasured friendship with Yael, which blossomed immediately when we first met in 1982. I am so very grateful for this friendship -- which I feel continuing in a very beautiful way. **Her capacity for love and her deep deep inner work and connection to the Divine inspired me and so many others.** Seeing her transform immense amounts of pain and anguish into love over and over again, was incredibly holy, humbling, heart-breaking, and so heart-opening. Now this holiness and LOVE continues, and so much joy -- while we also grieve her loss. Leslie **And from our kids** -- unsolicited words in response to the news:

I have really fond memories of spending time with Yael and Doug as a kid. I was always struck by Yael's powerfully loving, amazing presence. She just made me feel good when I was near her, and also she was one of those adults who treated kids as full humans. Doug and Yael dealt with her health issues with such strength, wisdom, and grace. I send much love. Amy

Yael was a very special person -- I have very fond memories of being with Yael (and Doug too) from my whole childhood. I send love. Adam

**\*\*\*Yael brought true love** back to the world in a special way that only she could have done with the help of her twin flame, Doug, and her spirit sister, Shanna. I am

grateful for the messages that uplifted my soul and allowed me to heal my divine feminine. **Her heart healing sessions were amazing and helped me shift large blocks to my soul's path.** I am forever grateful for her and how she opened her home to share her unconditional love with all who came. What an angel. Thank you Yael. I am forever grateful for you and Doug. Much love, Iris-Michelle

**\*\*\*Although** I was not a close personal friend of Yael, after doing the early workshops, her energy was always around, especially when I received the messages from God in my emails. Over the past few weeks I had found myself wondering about her more than usual, so I guess some part of me was aware of what was to come. What a blessing it has been to have her present on Earth with us at this time. **She was such a profound example of embodied Love...** Her physical presence will be missed but I am happy for the fact she is now free of the difficult body issues. Sylvia

**\*\*\*Yael, you blessed** so many souls with your courage and passion and sharing the blessings you received to so many. In the midst of all that is going on in this world, **Yael has brought us peace and love** and so much more. May her spirit live on in us and continue to help us all as we continue to learn to know Christ in ourselves and in each other. May Doug be surrounded and supported and blessed through this transition and all who are close to Yael. Be still and know. Theresa

**\*\*\*Yael** and her profound communion with God **forever altered the course of my life** through the beautiful words she spoke and shared with all of us. I'm forever grateful and indebted for her remarkable contribution to my life. I know she is now expressing as the pure essence of Love, at one with the peace and grace of God-I-Am. Brad

**\*\*\*I appreciated** Yael's gift of being thankful to God, no matter the adversity or circumstances. She had a unique view of life, relationships and people in general. **I was usually able to take my mind off hardships and find a reason to tune into joy when I was around Yael.** There was a bright light in her heart that loved to share love abundantly every day. She left us all a special example of love that had a special influence on many people. I treasure the services she gave to the world. Peace, love and joy be with you! Ariel

**\*\*\*Though** we have never met in person, you have been ever so close to me in my heart. From the first time I came across your website some years ago, I immediately felt drawn to your work. Over the years since then and up to this very day today, your "Messages of Love" emails, sent through the Circle of Light Spiritual Center, have all been so inspiring, so helpful and so motivating for me - each and every time arriving with perfect timing and with the perfect message. I can never thank you (and your whole team) enough for your supportive work and your generous sharing. You are, and always were, a wonderful, beautiful, and a very, very, very special angel! I wish you everlasting peace, love and joy. Much love and deep heartfelt appreciation. D.F.

**\*\*\*Yael felt the pull** to go beyond all human knowing (understanding) and embarked on an adventure beyond the mind and ego imaginations. Through the Heart of all, what was once experienced by the personal self filled with pain and suffering that left no hope of any relief, **she took a leap of faith into the HEART. She became its flame (absolute consciousness) and message.** That consciousness that is prior to the all knowing mind, birth, death, experiences, religions, perceptions, conceptions, that one absolute substance, prior to all states and locations and practices, yoga and mantras. Real in the unreal. We honor the **ABSOLUTE CONSCIOUSNESS**, that nameless **WITNESS** of the heart. Prior to all, the gateless gate of the heart. Let us honor this pioneer (Yael) of the heart as we hold all humanity heart centered in absolute consciousness and light. Sheila

**\*\*\*Ah, Yael,** you are such a bright and shining Star. **I look in your eyes and see Eternity. I read your words and feel the wisdom of Christ.** I see your smile and have a magic carpet ride of joy. The kind that changes me forever. You told me about living vertically and I soared. You gave flight to many. You still do. I see you everywhere, angel of Light. Oh, and I really like your new Outfit! Amber

**\*\*\*For Yael...** You are love in form and now Love in Spirit, a luminous flute with songs of the Beloved flowing through, filling us all with this blessing music! Kissing you as you fly free. With so much gratitude, Elizabeth

**\*\*\*The guiding light** of Yael came into my life at a time when I was overwhelmed by powerful change and very confused about many events that were coming into my daily experience. I had been asking God for help with shifting relationships and a new awareness of my own worth after spending five decades under the weight of an abusive childhood. The power of a new love that was forcing its way into my life sparked my curiosity and lure toward the subject of Twin Flame relationships and helped me see that that my understanding of that love was deficient, even though I had sought to learn about Twin Flame love many times in the past. **I found Yael while the cries of my prayer and passion were creating a sense that my life was swirling out of control. Yael is a gift to us all, and for me she is answered prayer. Her calming presence and support of my mystical experience grounded me in my identity and allowed me to embrace the enormous value that my Twin Flame relationship could teach me about the love of God.** I see Yael as my soul sister and offer deep gratitude for her rescue of my heart, her teaching and grounding presence, and her welcome home as she accompanied my awakening out of the illusion and into the real of love. I hold you all in heart and offer compassion and condolence in the moments of grief that are so deep and meaningful. Thank you Yael, may you be jumping for joy! Maggie

**\*\*\*\*Yael, dearest and most beloved soul sister of my heart -- and soul brother, Doug.** When I was brought to Circle of Light, there was instant recognition among us. Here was the "work for God" I had been seeking, and for you, the help from God for which you had asked. We were together once more, in service. The words I spoke, "I am going to come here and bring these Messages out to the world" sounded far away, as if spoken from another dimension. We began. There followed the most exciting period of my life. Transcribing and editing God Messages daily, compiling and editing books, creating websites, becoming a wedding planner (and a minister), communicating with hundreds of people, planning workshops, being able to assist you, Yael, as you persevered in a challenging body...even having opportunities to return to my music. Our little soul family expanded as we reached out. People came to us as we extended our Love to the world. Pra appeared to help give reality to the Twin Flame Message, an ecstatic other-worldly experience for me. Every moment was thrilling.

And now? **My gratitude for the privilege of these magical experiences flows like a river.** Reading the messages people have sent, contained in this memorial document, shows me that we accomplished much. **God's Love poured through your beautiful open heart and out through the Messages to an amazing number of brothers and sisters around the planet.** I feel a great peace and satisfaction. I also delight in the knowing that you are free of the burdens of the physical, experiencing the unspeakable joy and ecstatic Love of endless reunion with precious Masters, brothers and sisters of the purest Love. As I await our next meeting, Yael, be it years or eons, I know that we will always recognize and love each other deeply, and **we will always be embarking together on a new service to God.** Shanna
